He stated that State Employees Association tries to do what is best for all. He attempts to take 70,000 people ideas, put them together and work out what will ultimately be best for all. He encouraged everyone to join.

The things they have been working on are as follows:

Present to legislatures a program on benefits, work conditions that will benefit you.

The State Employees Association were leaders and proponents of the hospital insurance passed by the legislature in 1971-1973.

Per diem allowed in 1969 was \$12 a day; now \$23 a day on State Business.

Retirement Benefits — Retirement was age 65; then age 62 with 30 years of service, now 30 years of service.

Salaries were a big disappointment this year. He said for the first time benefits given to employees had to be defended this year. This year there was talk of cutting salaries. The last day they formulated an agreement for next year that it would be the intent and purpose of the 1975 Legislature to consider a cost of living pay increase, Many things are done legislatively Many things can be done to help the Secretaries, Mr. Burdett stated. The State Employees Association also travel. A trip is now being planned for Russia; Mexico next

year. The price is right. They also have a good life insurance program and you can purchase appliances at a discount. The fee to join is \$12. For this \$12 you get a \$1,000 Accidental Death Insurance and a magazine every 2–3 months. Mr. Burdett gave anyone a chance to ask questions.

The question was asked about applications. He said he was sorry he forgot them, but would see that each district got some.

The program was turned back over to Katherine Chase and she turned it over to Carol Joyner to distribute the door prizes.
