President Michelle K. called the meeting to order at 2:06 to discuss a few items.

-The NE District has canceled their meeting for this fall giving the pandemic we are currently in and the concerns of a huge gathering. They wanted to know if they could host 2021 and our district would host 2022. Each district would be pushed a year ahead. The following discussions were given: We have not signed any contracts. We would only have to renegotiate hotel prices; It has been pretty much protocol to let the hosting district have the choice of passing on their turn to host or host the following year if in cases of emergencies or disasters; It would give us an opportunity to see what lies ahead for us. A unanimous decision to allow them to host 2021 was decided.

-Nan has purchased all Spring stuff because it was Columbus's turn to host our Spring meeting. She would like to host next Spring and asked that another county host the Fall meeting. Jones will consider it and if they are unable, Bladen has volunteered to host. This discussion is tabled until our May 22, 2020 Zoom meeting.

- Proposed by-law changes will be talked about at the May 22nd meeting.

-Roben J. will go ahead and send out the nominations email.

Please Note: All that were present were not Executive Board members. The President invited the State Meeting Planning Committee.
